

## WHAT WE DO

MEET has built up a number of links with specialised UK firms to maximise advice on issues facing new arrivals in the UK.

## ABOUT OUR COMPANY

We are a private company who offer a hands-on service in assisting individuals and businesses.

## A WORD FROM THE MANAGING DIRECTOR

I am encouraged to see the success of our business, through word of mouth and without the need to advertise. From a recent visit to the Middle East to see one client, I returned to the UK with 3 signed contracts, in addition to new enquiries. This is a true testimonial stamp of approval of the way we do things. The team at MEET work tirelessly to give a class service, with a view to exceed expectations with all enquiries, big or small.
